

Jess & Guys,

November 17th

Hey guys when you write me make sure you write exactly what I have on the envelope. It sucks I forgot to sharpen my pencil. Sweet my cellie let me borrow his. I survived my first night here. I'm in receiving unit one cell G8. When you guys mail me my pics be sure to write my D.O.C. # on them in pen. It is 350625. They will send them back if you don't. For visiting you guys have to fill out forms. I'm not sure if you send them back to me though. If you go to this website. www.doc.wa.gov. There's directions how to get here plus more information on visiting and anything in general. Also they took the majority of my money for "legal financial obligation." If you guys send me \$10.00 a week though they won't take any. They feed me good so I won't be spending any money on junk food. I'm going to work on ~~losing~~ losing some weight. Shit is a lot more intense in here. Make sure money orders are from the post office. Also I have a phone account and postage/mail account. They don't take anything from those accounts. If you guys get a hold of Aunt Rhonda and Kim ask them to help you out. Get 3 separate money orders \$10.00 each one for phone, mail and general for hygiene. On the money orders you need to put your name and address. Plus my name and D.O.C. # 350625. Also please send me My Fruit of the Spirit Bible studies, and the stuff I wrote "send me this" on. It's a lot of paper so you probably can't send it all at once unless you put a few stamps on it. I will find out more with what is going on with me next week. I will be able to talk to someone (counselor). I have to wait for my paperwork to be processed. Also please check and see if I have a warrant for my pay or appear' call Jenny and ask her how if you can't figure it out. It's really important I find out and get it squashed so they don't count against me.

Also Im gang to send you a form for Grandma Larson. While Im in
Shelton, here, I can only have 5 visitors. Once I get to my main institution I can
have a max of 20. Also while Im in RI visits are through glass and to bring
the kids. You need to make a copy of Birth certificates. and send them in with
the visiting forms. Have Grandma Larson help you she has had to fill them out for
Uncle Don. Also her computer should be up and running she will let you use it if the laptop
isn't running yet. There's a lot in this letter so don't lose it and please do everything
I've asked ASAP. Thank you. Also when you write me back send me your phone number
so I can call. Ive been hella nervous. Were locked down 22 hours a day. I lied about
my charge because people call you out as soon as you get in. The guy next to me is calling
me out. Hes a North Daniels gang member. Because I don't act gangster or talk like everyone
from the city. They think automatically Im a sex offender. So at our hour at gym
Ive been nervous. Just trying to stay out of trouble so I can get to my
mother institution. Im really hoping I can get Stafford Creek you guys need to come
visit ASAP. So fill out those forms and send them back. Ask Grandma if you
send them back to me or to the facility, and check the net. Also write me
a letter saying how you can't afford to come across the mountains and that your
car is ~~unsuitable~~ and unsafe to cross the pass in the snow. Don't worry
about mentioning thorn master. That might do more harm than good. Also on the
money orders the one for phone money be sure you put phone account on it
and postage account for mail money order. Thank you guys so much
and please let Aunt Rhonda know this stuff to. For the first 5 visitors
have it be who can most likely make it ASAP. Im thinking Aunt Rhonda,
Timmy, Amber, Nate, Jessica. Visiting hours are on the website Im in RI
but be sure to check with the prison & have my Doc number ready to give
them. Prison number for visiting info is 360-426-4433 ext 5227
after 10am. I should be in RI for awhile but check that number to be sure

Love your bro,
Stacy
