

To my mother  
Whom I love,  
There is no other  
God sent you from above.  
You're so pretty  
Have a great smile,  
Very happy and witty  
Wish you could stay awhile.  
Always full of laughter  
And very kind,  
Wanting you here after  
I'll never leave you behind.  
I won't forget the pain  
When our life was filled with joys,  
On how we did gain  
Our four lovely boys.  
You stood right beside me  
It felt so right,  
You couldn't wait to see  
It was out-of-sight.  
They're all a pleasure  
And very smart,  
Quite the treasure  
To have in our heart.

Gary, Nate, Travis & Tim  
All four are boys  
And I do love them  
They give me joys-  
Memories to share  
Some to keep inside,  
None to spare  
None to hide.  
You're my mother  
You're my best friend,  
You gave me a brother  
One we love to no end.  
I will miss you  
When you go,  
I love you too  
Wish time went slow.  
Got to say good-bye  
The visit was good,  
Don't want to cry  
Even though I could.  
I will miss you mother  
You're not like the rest,  
There is no other,  
You're the best!
