

①

Dawn, my friend
You're not like the rest,
friends till the end
You're the best!
You're very sweet
and have a great mother,
You swept me off my feet
We will always have each other.
You are number one.
You have quite the imagination,
Always having fun
and knowing the situation.
You always have a smile
and grin upon your face,
You'll want her around awhile
She'll make your heart race.
You're so pretty
have a great smile,
very happy and witty
Wish you would hang awhile.
Always full of laughter
And very kind,
Wanting you here-after
never leaving you behind.
Your kids touched my heart
And they are very kind,
They will never part
They're always on my mind.
You're full of surprises
And lots of love,
Reminds me of surprises
God sent them both from above.

I had fun and joy
The times we were together,
It was like getting a new toy
Wishing they both would last forever.
I do remember the day
Felt so sad,
When you went away
And it all went bad.
I lost a great friend
And felt betrayed
Didn't want it to end
Wish you would have stayed. So or go on this way.
We could of spoke
And went on,
It was no joke
but then you were gone.
Would wipe my fears
As I remembered the joys,
We'd forget all our fears
and play with our toys.
I would sit and cry
and sometimes still do,
I'd ask myself "why"
As I think of you.
I know I'll feel better
As time goes on,
I am no quiter
I am one you can count upon.
Knowing one day
I'll be with you,
It will be okay
And again, It will be us two.
